### Ask us about our fitness classes!

We offer weekly classes taught by our trained instructors, including: Zumba, Deep Water Aerobics, Senior Fitness and more.

## ABOUT OUR PROGRAM

### Starfish Swim School™ for Teens and Adults (Ages 13 and older)

This course is designed to improve comfort and skill in the water, regardless of past swimming experience. Students work toward developing the five basic core swimming competencies using principles of adult learning.

Swimming is a great exercise for people of all ages. Our classes are structured with individual goals in mind based on your skills and abilities.

Our program provides instruction for the beginner swimmer to the introduction of lap swimming. Our classes are individually designed for those who have a fear of the water or need to learn basic skills such as floating and beginning strokes while also providing instruction on the basics of lap swimming. With small instructor-to-student ratios, each participant will have a personalized lesson focused on individual needs and goals. We will help guide you through your fears and give you the techniques necessary to enjoy the water or provide encouragement and guidance as you begin the steps toward fitness focused lap swimming.

The Adult lesson program is goal based, so whatever your needs are, our experienced instructors will give you the tools you need to succeed.
